**To Whom it May Concern**

**Re: Morgan Cass Ltd**

We can confirm having dealt with Morgan Cass Ltd since 2000, during which time they have undertaken excellent project delivery when we have tested and commissioned their mechanical services installation. Their works have been excellent and have greatly assisted in the project delivery being on time.

We can confidently recommend Morgan Cass as a solid and reliable installation and supply company and experts in their field.

Yours faithfully  
For and on behalf of Balcomm Limited
